Objective

To investigate the Jakarta Student Protest of 2024, focusing on identifying instigators, assessing police conduct, and understanding protester grievances.

Executive Summary

The Jakarta Student Protest of 2024 witnessed a significant demonstration organized by student groups advocating for educational reforms and government accountability. The protest, initially peaceful, escalated into clashes between protesters and law enforcement, resulting in injuries and arrests. Our investigation focused on identifying instigators, assessing police conduct, and understanding protester grievances. Preliminary findings suggest the presence of provocateurs instigating violence, instances of police misconduct, and a complex set of grievances driving the protest. Further analysis and action are required to address these issues effectively.
